Accessories & options

Customise the wheelchair Etac Prio 3A with a wide selection of accessories and options to choose from.

Here we list a selection of possibilities. More accessories and options can be found on etac.com and in configuration.

Back cushion

Soft and flexible back cushion, attached with velcro to be combined with side cushions and wedges.

Cover: Grey plush or grey hygiene fabric

Seat cushion, Basic

The Basic cushion is gently contoured at the rear.

Cover: Grey plush or grey hygiene fabric

3D back cushion

Unique back cushion providing support and space for a kyphotic back or asymmetries, attached with velcro. Can be combined with side cushions and wedges.

Cover: Grey plush

Seat cushion, Comfort

The comfort cushion is slightly lower at the rear. To further improve the stability, it has a removable viscoelastic foam insert and contouring for the thighs.

Cover: Grey plush or grey hygiene fabric.

Back support Cover

A thin cover that provides a wider back. Can be combined with side cushions and wedges.

Cover: Grey plush

Solid seat

Available in wood or plastic.

Dynamic posterior pelvic support

Reclining the back support will automatically reduce the strap tension and retighten when the back is brought to an upright position. The ideal combination for activity and resting. The pelvic strap is height adjustable for precise setting.

Seat Velcro attachment kit

To be fastened on the solid seat and on the underside of the seat cushion.

Back cushion extender

Extend the back cushion when a higher back is used to cover the gap between the seat and the back cushion and increase the support surface.

Cover: Grey hygiene fabric

Head support

Adjustable in height, depth and sideways. The cover is detachable and washable.

Cover: Grey plush or grey hygiene fabric

Extension back upholstery

Extension part for the back upholstery to discreetly cover the gap between the seat and the back at higher back heights, for example if the user uses incontinence protection. The back upholstery also provides extra support for the seat cushion.

Head support with side support

Adjustable in height, depth, angle and sideways. The cover is detachable and washable.

Cover: Grey hygiene fabric

R82, anatomic head support

Anatomically shaped with side supports. Padded and with a comfortable cover. Adjustable in height, depth, angle and sideways. The cover is detachable and washable.

Memory function

Head support can be equipped with a memory function to ensure correct installation after removal and replaced.

Arm support, std

Height and depth-adjustable, detachable.

Length: 49 cm (19 3/4")
Height: 23,5-35 cm (9 1/4-13 3/4")

Arm support, narrow

Provides better access to the wheels when self propelling. Height adjustable and detachable.

Length: 38 cm (14 11/12")
Height: 21-32,5 cm (8 2/4-12 2/3")

Arm support soft covers

Soft padding is available for our arm supports, standard and narrow.

Cover: Grey plush

Arm support pad, hemi

Adjustable in angle, the height is set with the arm support adjustment. Fitted onto the arm support narrow.

Cover: Padded detachable in grey plush

Upholstery sideguard

Reduces the seat width with 2,5 cm (1"). To be attached on the side guards. Sold per piece.

Cover: Grey hygiene fabric

Tray

Transparent, mounted on the arm support.

Hemi Tray

Fastened to the arm support cushions using Velcro (included). Fits both short and narrow arm support. Available for seats up to 50 cm (20") width. A non-slip mat is available as an option.

Widening Kit

Increases the width between the arm supports with 2 cm (3/4") by adding spacers.

Leg support, elevating

Swing-away and detachable. With foldable calf supports, adjustable in height and depth.

Cover: Grey hygiene fabric

Leg support, Cross

Swing-away and detachable. Available in 90° or 70°. In combination with 90° we recommend wide front castor housing.

Foot support

Height and angle adjustable. Can be rotated for various depth installation.
Length: 13 cm (5").

Heel strap

Adjustable length. Cannot be combined with the extended foot support.

Add-On Extended foot supports one piece

One platform that is mounted on to existing foot supports. Available in one size:
Small - 250 x 225 mm
Use the widened castor housing to avoid a collision.

Calf strap padding

Detachable. Available in lengths of 20, 30 and 40 cm.

Add-On Extended foot supports

Is mounted on to existing foot supports. Use separately or bolt together and use as platform. Available in two sizes:
Medium 150 x 225 mm
Large 200 x 225 mm
Use the widened castor housing to avoid a collision.

Padded Calf strap

Soft and warm comfort, Velcro adjustment. Assembly on fixed or elevating leg support. Available in 2 sizes: 70 cm and 90 cm

Add-On Side protection

The side protection is mounted on to the Add-On Extended footplates, to prevent the foot from coming in to contact with the castor. Sold per piece.

Add-On Distal thigh support

Helps to align the femurs, position the knees in neutral alignment and to control abduction.

Add-On Footbox

Is mounted on to existing foot supports Available in two sizes:
Medium, for seat width 40 - 45 cm
Large, for seat width 50 - 52,5 cm
Use the widened castor housing to avoid a collision.

Foldable, height, adjustable in depth and angle. Fits all seat heights.

Castor wheels

6", 7" or 8".

IV-stand

Including all attachments.

Not in combination with tray.

Widening castor housing

Moves the castor 3 cm (1¼") outwards. The chair's total width is not changed.

Basket for oxygen tank

Can also be used as a carrier basket. The basket can not be combined with Etac Prio electrical tilt.

Spoke guards

Available in grey or yellow print.

Tool kit

Contains all necessary tools.
Allen key 3, 4, 5 and 6 mm
Ring spanner 8, 10, 13 and 17 mm
Socket spanner 19/24 mm

Our Add-On foot plate system encourage movement in your feet

By moving your feet, even if it's small movements, you promote blood circulation and you'll get activation from your hips down, which helps to avoid agitation, pain and discomfort by being too still, while sitting in a wheelchair. Small movements can especially be beneficial to an individual who has always previously been walking.

The Add-Ons with Extended foot supports and Foot box are mounted on to existing foot supports to create a greater surface. The Distal thigh support helps to align the femur, position the knees in a more neutral position and to control abduction. The Add-On foot supports can easily be swung away for easy transfer in and out of the wheelchair. The foot box is fixed, provides padding to decrease pressure and is a gentle aid to help position the feet more comfortably. *The Add-Ons are available as accessories, not in configuration.*
