The Cricket complies with ISO7176-19, for safe transportation in motor vehicles. The R82 Cricket was tested with the Cricket back rest height extension and Y-hip belt and R82 transit anchors. The performance and safety of accessories and/or other seating options not tested by R82 is unknown, and no warranty or claim about their performance is or can be made.

When being transported in a vehicle, it is R82's position that the wheelchair user transfer from the wheelchair into appropriate vehicle seating during transportation. Please note that at this time, the Department of Transportation has not officially approved any tie-down system for a user while in a wheelchair; therefore R82 cannot recommend a transit system.
